Outfall Plan to End S.V. Sewer Plant Need

SAN DIEGO (CNS)—Engineering plans for construction of a sewerage system in the Sweetwater Valley, to serve the Spring Valley Sanitation District, were approved Tuesday by the County Board of Supervisors, in one of a series of actions affecting an area plagued by sanitation controversies.

The Board also voted to appeal to Gov. Edmond "Pat" Brown to put off signing legislation that might hinder financing the Sweetwater Valley line.

In addition, Supervisors indicated little sympathy for pleas that they permit the La Presa County Water District to take over operation of the sewage treatment plant of the Spring Valley Sanitation District.

Don Short, engineer for the La Presa district, made a plea for turning over the plant to his group. He said that "serious odor problems" from operation of the plant have resulted in "a general feeling of insecurity" among property owners.

$100,000 ASKED

A transfer of $100,000 of Spring Valley Sanitation District funds to the La Presa district for use for capital improvements was the first of four proposals submitted by Short as part of an agreement to be made between the two districts.

He also asked that $4,500 be set as the maximum the sanitation district would pay monthly to the water district for operation of the plant, with accurate records to be kept by the water district and it to return any sums it did not expend to operate the plant.

The third point asked was the assignment of maximum authority to the La Presa district for operation of the plant, while the fourth called for a study of other delegations of power advisors to the two districts might think necessary.

"Tommy" Thomas, president of the Spring Valley Chamber of Commerce; Charles Lambert, chairman of the Spring Valley Sewer Committee, and Dr. H. L. Trent, chairman of the Spring Valley Local Government Committee, all supported Short's request for turning the plant over to the La Presa group.

"It's a matter of record that we did endorse taking over the plant," said Thomas. "Mr. Vin-

The breakdown, with 48 out of 49 precincts reporting, gave incumbent Rexford Hall 8,284 votes; second was incumbent Palmer R. Svalstad, with 6,361; then the newcomer to the board, Robert P. Dryden, got 3,299; then following were: George K. Birch, 2,958; Gerald R. Hamann, 2,123; Elliott C. Johnson, 1,916; Mrs. Lucille G. Morrow, 1,933; Raul Rosado, 1,769; Mrs. Josephine R. M. AUTORAMA PREVIEW—Jim Spears and Linda Walters compare notes on changes in body styles between the 1929 Ford on display and the later models. The '29 Ford will be one of about two dozen on display Saturday at the Second Annual Lemon Grove Autorama Saturday in the First National Bank's parking Lot at Imperial and Golden avenues. Admission is free. Trophies will be given contestants by the Merchants Division of the L.G. chamber of commerce as eight classes of autos are put into competition. Professional judges will choose winners. 8 Classes of Autos Compete for Trophies

More than 20 autos, from restored old classics to sleek new racers, have be polished and groomed, to compete for trophies Saturday at the Second Annual Lemon Grove Autorama. Best of all it's free to the public.

Competition will be held on the First National Bank's parking lot at Golden and Imperial from 10 'til 6. Professional judges will decide the winners.

Jim Spears, chairman of the Autorama committee for the merchants division of the Lemon Grove chamber of commerce said this week that more than 3,000 persons are expected to view the autos and see the judging.

"In all, there will be eight classes of competition," Spears said. These are classic, full custom, semi-custom, sports car, roadster, dragster, competition roadster and modified sportsman.

OUTSTANDING SHOWPIECES

Clarence Scheidle, chairman of registrations, said the show was attracting some of the outstanding show cars in the county. Several sports type roadsters will be on display, he reported.

Dave Scully, a drag strip racer and Bill Scott, custom car mechanic will be judges.

Tables will be set up to display model cars of the young set. A large turnout of model car builders is expected by Graydon Calder, judge of this event. He will be assisted by Chuck Ewall, a rod and custom car enthusiast.

Seventeen trophies have been obtained by the Autorama committee which includes Spears, Scheidle and Ervin Major. Tall, handsome pieces will be given for first and runner-up positions in most categories of big car competition. Ribbons will go to winners in the model car contest.

The show is one of the monthly projects of local business firms to keep area people oriented to the local community.

Courtesy To Pay Off Here

The second annual Lemon Grove Courtesy Week will be marked here in May by the Lemon Grove Rotary Club, according to Rolla Hamilton, the club's chairman of the project.

Five plaques will be awarded to persons who, in the judges opinion, contribute locally to the gentle art of being courteous.

The most courteous employe; the owner of the firm for which the winner works and the most courteous driver will each get awards at the club's luncheon meeting May 29. Additionally, awards will go to two youngsters, each of whom produces the best poster on courtesy. One will be chosen from St. John of the Cross school, the other from the public schools.

The most courteous employe will be chosen in cooperation with the Lemon Grove Coordinating Council through its 48 member clubs and groups. The driver will be chosen by the California Highway Patrol. Last year the driver award was won by an Encanto woman.

Nature of Fire Calls Changing

The Lemon Grove Fire Department is not anticipating the number of grass fires in this area it formerly did, Capt. Harry Alexander told the Review this week. He said, however, that his department is answering more structural fire calls these days.

Education of school children by fire officials plus the diminished dry grassy areas available are the main reasons for fewer grass fires, Capt. Alexander said.

The Fire Department had a relatively quiet week last week. Only one fire call came in. At 7:05 p.m. on April 12 they were summoned to 3003 Crane St., where a stove oven fitting had come apart, causing a jet-like flame that did no damage.

Ambulance calls:

April 14 at 6:31 a.m. firemen were called to the home of Mrs. Anna Davis, 77, of 3294 Buena Vista. Recovering from a broken collar bone, she was found to be ill. It wasn't necessary for her to go to the hospital.

April 15 at 12:10 p.m. firemen were called to El Dora Ave., where they found an El Cajon man collapsed from a combination of alcohol, heat and exertion. The man was left with sheriff's officers.

Coord Council OK's Park Plan

The Lemon Grove Coordinating Council Monday night approved the county's park plan for a green-spot park that had been submitted by the county recreation and parks department.

Dr. Dennis McLaughlin, council president, was instructed to write a letter to the county board of supervisors indicating the council's action.

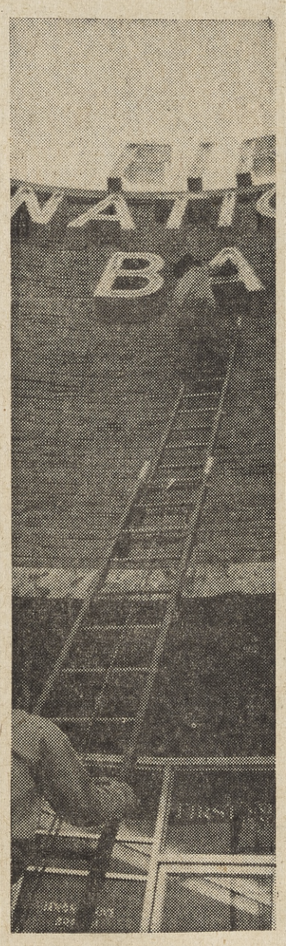
The park department had laid out a quiet-use park on county owned property at Washington and Alton streets. Supervisors will probably instruct the park department to start work on the park as soon as 1961-62 budget funds are available.

Mrs. Edna Seal, membership committee chairman announced that membership total had risen from 44 to 48 groups during the last month.

The council meets on the third Monday of each month at the Lemon Grove Junior High School.

$60 Missing At Jamacha Store

An employe of the J & J Produce Store at Jamacha Junction, Mrs. Ruth Palmore, has reported a theft to the sheriff's department. She said that on opening the store April 11 she found a hasp had been torn from the door and that about $60 was missing from the cash register. Deputy J. Dargitz was investigating.



EGGS IN ONE BASKET — It was a wise old bird that chose the 30-foot high sign of the First National Bank to build its home. Probably responding to the bank's advertising message of "safety with First National" the bird family had no financial worries. After the family went winging away, Lemon Grove Firemen Bob Adams (aloft) and John Ott (anchor) removed the straw-built nest to avert fire hazard in the electrical equipment of the letter "A." "They felt safer with First National," opined Jack Koop, branch manager of the institution. (George Lyons Photo)

Camera To Be Local Prize

Another in a series of popular fund-raising projects will be held by the Merchants Division of the Lemon Grove chamber of commerce, it was announced this week by Ed. Koester, chamber manager. Koester said a Zoomatic movie camera would be given June 13 to one of the area citizens.

In charge of the project for the merchants division will be contacted soon with details, Sutherland said.

Industrial Zone Plea Denied

SAN DIEGO (CNS) — An application for industrial zoning, affecting part of eight acres on the north side of La Mar street, east of Bancroft drive, Spring Valley, was denied Friday by the County Planning Commission.

A plea for the zone change was made by Gilbert Ray, who disqualified himself as commission chairman to speak for the reclassification.

In addition to industrial zoning, the application also asked for zoning for duplexes for part of the eight acres. The land is now zoned single family dwellings, with 10,000 square feet for a building site.

Kenneth A. Barwick, attorney for land owners opposing the zone change, said there is vacant industrial land in La Mesa, El Cajon and San Diego, so it would be wrong to add more industrial land in Spring Valley, when there is no need for it.

The DIMMER VIEW

by MAX GOODWIN

Realtors of San Diego County this week are going to ballyhoo the fact they are Realtors. It is National Realtor Week.

The San Diego Realty Board and 11 other real estate organizations in the county will join with 500 real estate boards from coast-to-coast in the observance of Realtor Week, which opens Sunday.

The purpose of Realtor Week is to inform the public of the ethical and professional standards of realtors who as members of local real estate boards and hence of the National Association of Real Estate Boards, are pledged to uphold a code of ethics in all business transactions.

San Diego County, being populated largely by citizens transplanted from elsewhere, is unique in its appreciation of Realtor standards. The Realtor here is no stranger to the newcomer. He is pledged to the same code of ethics, he operates his business on the same high level as the Realtor "back home."

According to Frank Curry, president, the San Diego Realty Board will highlight its observation of Realtor Week with the 14th Annual Educational and Sales Conference, a joint project of the California Real Estate Assn. and the local Boards in each area. Participating in local conference will be all the Boards in San Diego County which comprise the 24th District, (San Diego) the 29th District (South and East County) and the 30th District (North County) of CREA. The San Diego Realty Board will act as host, the conference taking place in the Palm Room U.S. Grant Hotel, Wednesday of Realtor Week, April 26th. Conferees will also lunch at the Grant, the Pavillion and Crystal rooms having been reserved to accommodate about 700 expected registrants.

In San Diego County, through realtor advertising, display of banners and placards, the efforts will be directed toward showing there is a difference between a realtor who adheres to the high standards and the broker who merely has a license to operate. To be identified as a Realtor, a broker must be a member of a local board affiliated with the NAREB.

The memory of Oliver "Ollie" Turnbull will remain bright and cheery in the memory of many Spring Valley and Lemon Grove folk for a long time for Ollie had more friends than most people we know.

Ollie died last week at 72 after years of the most courageous effort we have ever observed in which he was determined to defeat the purpose of a failing heart.

He was the advertising manager for this publication and had contact with most of the business and professional people in the area. He was loved and respected by them. In his personal life his circle of friends was uncommonly wide. . . these persons being drawn to Ollie by his gentleness, his courage, his faith in tomorrow and his down-to-earth logic.

He died as he loved to live - in the pleasant setting of his patio, surrounded by family members. He was chatting happily with them. The next moment he had passed.

Because the services were held so soon, many of Ollie's friends were not aware of his passing until it was too late to pay proper respects.

Belatedly though it be, we join with bowed head those who loved and respected Ollie Turnbull. . .the kind of a man most of us would have been proud to call "Dad."

PLANNERS REVERSE THEMSELVES IN ONE OF FOUR DECISIONS

SAN DIEGO (CNS) — Three requests for changes of zoning in the Lemon Grove area came before the County Planning Commission Friday, and one was denied, and one decision was reversed.

The unlucky applicant was Roy A. Myers. A change was proposed from zoning where 10,000 square feet of area is needed for a building site to zoning where only 6,000 square feet is required for about an acre on Fenwick drive, at the Golf drive intersection. The rest of the building sites and residence areas in the community are an acre in size, said those who opposed it.

The Myers zone change, initiated by the commission itself, was then turned down.

Stellar Investment, Inc., an investment club which had bought a little less than an acre on the southeast corner of Federal and Central was more fortunate. A change from zoning for duplexes to commercial zoning was applied for. The investment club bought the land as potential industrial property.

The third zone change was that asked for 31,000 square feet on Skyline drive, near Jamacha and owned by Dr. Dennis McLaughlin. A change from duplex zoning to residential-professional zoning was approved for the property.

GOPs To Hear Lawmakers

Assemblymen Joe Shell and Senator Richard Dolwig will be speakers Friday at a dinner given by the Republican Assembly groups of San Diego County at the Grant Hotel.

Shell will speak on "The Legislature, 1961" and Dolwig will speak on "Legislative Issue for 1962." Shell is Minority Leader of the Assembly; Dolwig is chairman of the legislative campaign committee.

The dinner is a public one and tickets are $3. Reservations may be made by calling Mrs. Harnell, BE 3-8041 ext. 297.

"Bring It Back!"

Benny Morroni Poulson, 12, wants his bike returned. He told deputy sheriffs that it was taken from the Spring Valley Junior High bike rack and is royal blue in color. He lives at 10413 San Vicente Dr.

Gunsmoke

Deputy Sheriff Torbert of the Lemon Grove Sheriff's Department Juvenile Division is following a gun. It is a 22-caliber rifle stolen recently from the home of Oral Lucus, 2330 Central Ave., Spring Valley, by a youngster living in that area.

This youngster who took the gun doesn't exactly still have it. He sold the gun to a friend for two dollars, one dollar cash and one dollar to be paid later.

This buyer, realizing he had a "hot" gun, sold it for $15 to Dean Hinkley of 3145 Central Ave., who had no idea it was hot.

Mr. Hinkley, needing cash a few days later, sold it to a man in a San Marcos bar, and he doesn't know the man's name.

Like we said, Deputy Torbert is following a gun. He hopes the next guy won't say, "I did have it, but. . ."

L.G. C. of C. Installation Dinner Set For May 6

To be installed as president will be Charles Hesser, past State Commander of the California VFW who succeeds Larry Folda. Milt Austin, vice president; Henry Templeton, secretary, and Sam Pernicano, treasurer, will also be installed.

Cocktail hour will precede the 7:30 dinner. A program of fellowship similar to that of a service club is planned as the entertainment portion of the program.

Cancer Crusade

From April 16 through April 21, 10,000 Good Neighbor volunteers will cover San Diego County in a house-to-house crusade against cancer.

Mrs. Arthur J. Long of 8225 Golden Ave., is the Good Neighbor chairman in Lemon Grove and Mrs. Robert Andreen, 9409 Barbic Ln., heads the campaign in the Spring Valley area.

Organized under Dr. William D. Livingstone, 1961 Good Neighbor Campaign chairman, volunteers will distribute life-saving educational material and accept contributions to the American Cancer Society for use in research, education and service to cancer patients.

"I hope every door in San Diego County will be open to welcome the Good Neighbor volunteers," said Dr. Livingstone. "Of the more than 270,000 men, women and children who die of cancer in the United States each year, more than 85,000 could be saved if everyone will follow the advice contained in the leaflet to be left with each family."

Citing the good already accomplished through the Society's efforts, Dr. Livingstone reported that medical progress has raised the cure rate for cancer from one in 10 a generation ago to the present rate of one in three.

SV Sewer Outfall

(Continued)

cenz was at a chamber meeting, where about 400 were present, and he asked for a show of hands, and almost 100 per cent were in favor of the proposal."

"This problem is 15 months old," said Lambert, "and we are no closer today to a solution than before. Property values are down to rock bottom because of the sewer situation." He added that his group thought it could get more results by putting pressure on local people that it had been able to get from the county.

RAY OPPOSES

Opposition to turning the treatment plant over to the La Presa district was voiced by Gilbert Ray, local real estate man and chairman of the County Planning Commission. Ray pointed out that the Spring Valley district was many times larger than the La Presa district.

A proposed lease-back plan, whereby a financial firm would put up the money for the line line and then lease it to the district, with the cost of construction to be paid off from sewer charges, had met obstacles, Robert Berrey, deputy county counsel revealed.

He said that J. B. Hanauer and Co., the firm offering to finance the lease-back proposal, would not go through with its original offer because of a new law waiting Gov. Brown's signature. Berrey declared it was felt this made it impossible for districts like the Spring Valley one to enter such agreements.

Berrey said Supervisors should ask Gov. Brown not to sign the bill, but to send it back to the senate.

The construction could also be financed by issuing revenue bonds, Berrey said, but the type of issue that would avoid an election might be difficult.

Jean L. Vincenz, director of public works, told the Board he thought a request to Gov. Brown on the disputed bill should be made, but he added that he was conferring with federal authorities on the possibility of the government itself buying the bond issue, at 4 and ⅜ per cent interest.

The Board then put off for a week a decision on any of the proposed financing plans, but it also voted to ask Gov. Brown not to sign the bill in question and to return it to the Senate.

OUTFALL LINE

Next, Vincenz made his report on the engineering of the outfall line. He said it would cost about $2,250,000, but he also pointed out that $150,000 of this would come from Chula Vista and the same amount from San Diego, and that there was a good chance the federal government would put up another $400,000.

These contributions, he pointed out, would cut the cost for the district down $1,550,000, although district engineers were estimating the requirement at about $1,700,000.

Vincenz explained that the proposed bond issue was not one which would raise taxes. It would be a bond issue to be paid off out of the sewer service charges already being paid, he said.

Board Chairman David W. Bird pointed out that the revenue bonds, if the federal government would buy them at 4⅜ per cent interest, would provide a big saving over the lease-back plan, which would require interest payments of 5½ per cent interest.

The Board put off a decision on financing, but approved the Engineering plans presented by Vincenz. The plans call for construction of an outfall line of some 48,300 linear feet.

Until the San Diego Metropolitan system is completed, effluent from the Spring Valley Sanitation District treatment plant would be pumped into this line and carried to a discharge point in the Sweetwater River, near San Diego Bay.

After completion of the San Diego Metropolitan System, the Spring Valley treatment plant would no longer be needed, and raw sewage would be dumped into the outfall line, to be treated by the San Diego treatment plant at Pt. Loma.

Woman Reports Sugared Auto

Mrs. Louise Ann Carroll, 9303 LaMar St., Spring Valley, has appealed to the Sheriff's Department to investigate a San Diego woman who, she claims, is carrying out a planned program of annoyance. The acts claimed to have been committed by the San Diego woman are: pouring sugar over the steering wheel of the victim's car; the front seat; the back seat, and in the gas tank. Also pouring syrup over the sugar in the interior of the car.

Amendment 43.

They have taken the name of the Heartland Chapter of the Incentive Taxation Committee of California.

ACA 43, they say, has been endorsed by 44 assemblymen both parties and if it is approved at the hearing in Sacramento April 24 it will appear on the ballot at the next election.

ACA 43 provides the machinery for local governments to reduce or remove all taxes on improved property and transfer the tax to unimproved property.

The tax on unimproved property would become so burdensome that land speculators could not afford to hold it off the market until surrounding improvements have made the profit disproportionate to the investment.

Says Arch Gerard, an officer in the new Association: "Every community has individuals or families who hold property off the market until other property owners improve theirs. The improver is taxed in relation to his improvement and the non-improver profits, as the land value increases without financial hazard or toil. Property owners today are penalized in taxes for painting his fence; modernizing his house, erecting walls and otherwise upgrading his community."

ACA would stop land speculation, remove slums, help business and reduce taxes at the home-owner and small-business level, he says. "It could do away with income taxes," he added.

Should ACA 43 get on the ballot and pass, it would be used at the option of local property taxing body level: i.e. city, district or county.

Improbable as it appears on the surface, it is reassuring to know there's at least one group attempting to reduce the tax burden of the home owner.

Hubcaps Taken

Hubcaps were taken from an auto owned by Paul Hirt, 1554 Taft, Lemon Grove, March 10, he reported to the sheriff's office last Thursday. Hirt, a student at Mt. Miguel High School, said the car was parked in front of his home at the time of the theft.

PUBLIC NOTICE-- ITS MANY USES

Copyright 1960

By James E. Pollard

Here is another series of articles on legal advertising. The first few will deal with background of legal notices. Later, specific legals will be discussed.

(No. 7 in a Series)

As a social item a Down East weekly newspaper some time ago reported that "Robert G. N. . . announces the marriage of his mother, Mrs. Florence S. N. . . .to Mr. Harold H. H. . . .," etc. In itself, this was not unusual except that the announcement was made by the son. Ordinarily such announcements are made by parents, if living, or by a brother or sister, if any.

Long established custom has decreed other kinds of personal and social announcements. One of the most common of these is a birth announcement. Another is when an engagement occurs or, in business and professional life, when a partnership is formed or there is a move to a new location.

These personal announcements are somewhat on the same order as public notices, which are provided by law. Only there are many more kinds of the latter and they often concern or affect more people, particularly where their rights or interests are involved, as is usually the case.

Long experience has shown that the newspaper of paid general circulation is the best general medium for public notices. The bona fide newspaper gives wide coverage and at minimum cost. This is why the laws of all 50 states provide for many kinds of public notices to be given in this manner. The public notice is part of due process and helps to contribute to the democratic process.

In 1891, a special detachment of U.S. Marines was assigned to the Navy's Pacific Squadron to halt the wholesale destruction of seals in the Bering Sea by poachers operating out of season.

First National's Net Up 11 percent

The First National Trust and Savings Bank of San Diego reported that net operating earnings after taxes for the first quarter of 1961 rose to $615,580.32 from $553,468.26 in the year-earlier period. This represents an increase of 11 per cent before transfer to reserves.

Earnings for the first three months of this year amounted to 58 cents per share compared to 52 cents per share for the same period last year, based on 1,056,000 shares outstanding, said Jack W. Koop, vice president and manager of the bank's Lemon Grove branch.

Deposits for the first quarter increased more than $12,000,000 over the first quarter of 1960, jumping from $215,503,869.23 to $228,296,455.65.

Total resources rose to $250,637,856.57 from $236,651,643.58 for the same period last year.

On May 1 First National will pay a regular quarterly dividend of 25 cents a share on common stock amounting to $264,000 to shareholders of record April 20, 1961.

Letters TO THE EDITOR

Editor:

If those two stalwart allies of waste and inefficiency—Apathy and Indifference—can be overcome, the taxpayers in the La Mesa-Spring Valley School District may have the satisfaction of doing something about their ever-increasing county tax bills other than just sitting about and bemoaning the fact that each year they take a bigger and bigger bite out of our annual income. If we take the trouble to examine our most recent—and our biggest—tax bill we may be startled to note that here in La Mesa and Spring Valley the school cut amounts to about 60 per cent of the entire assessment. We might be interested, too, in knowing that we have the dubious distinction of being among the foremost districts of the state when it comes to extravagance of operation. We are also well up in front when it comes to the cost of administration and the cost of new construction.

For six years now, those of us who pay attention to such things have witnessed the frustrating experience of Doctors Padfield and Smith, a two-man minority in a school board of five members, as they have battled for years to introduce a degree of economy into the yearly budget, only to have their efforts steam rollered and flattened out by the other three members who have docilely accepted the role of yes-man, always echoing without the least opposition any whim or extravagance of the administration.

These two valiant young doctors have had little recognition and less thanks: but some fighters do not know when they are defeated, and both of them are up for re-election when we go to the polls on the 18th of this month. By voting for them, and also casting a vote for Anna Dewey, and one for H. L. Obertreis we may have the pleasant surprise of electing a board, the majority of which does not consider economy an obscene word.

Dear Editor:

This is a rather belated comment on your editorial in the Bulletin of March 30, but I do not see why you feel you need to read what Carole Tregoff has to say in her proposed book.

Perhaps if you and other readers would not buy the book, publishers would not be tempted to offer $25-30,000 to wrongdoers and criminals. Money talks, but not nearly so eloquently as empty coffers.

Thank you for your excellent column, "the Dimmer View," with which we agree about 90 per cent of the time.

Very truly yours,
Maria M. Reeder

Dear Editor:

MAKE FIVE WISHES ABOUT DIRTY DISHES!

FIRST WISH: *I wish I didn't have to wash dishes three times a day.* Your wish can be answered with today's automatic electric dishwasher. It can wash an average family's breakfast, lunch, and dinner dishes in one load.

SECOND WISH: *I wish dirty dishes didn't clutter my kitchen.* Your dishes disappear when hidden in the dishwasher. Store them out of sight during the day, after entertaining. Wash them at the turn of the knob when you're ready.

THIRD WISH: *I wish I never had to put my hands in hot, dirty dishwater.* Lovelier nails, smoother hands await the woman who has a dishwasher in her kitchen.

FOURTH WISH: *I wish my dishes were washed cleaner.* An automatic dishwasher washes your dishes in water 140 to 160 degrees hot . . . too hot for you to touch. The dishes come out squeaky-clean, help protect the family's health.

FIFTH WISH: *I wish washing dishes didn't cost so much.* An economical automatic dishwasher uses less water than generally used for handwashing the dishes. And you wash less, saving on detergents and laundering of dishcloths and aprons.

See your appliance dealer today, talk with friends who have a new dishwasher. You'll see efficient portables that roll right into your present kitchen. You'll see lovely built-ins for the remodeled or new kitchen you're planning. Watch these modern appliances operate. You'll be convinced that wishes can come true!

TROPHY WINNER — Dena Anderson, winner of 40 trophies and 55 medals in competition during her five years as a majorette, poses with some of her awards. Her next big event is the National City Band Review Princess contest late this month. A Lemon Grove resident, Dena was the majorette at Lemon Grove Junior High School for two years, is currently majorette at Helix High.

Twirling is Hard Work, Rewarding, Champion from Lemon Grove Says

Top Baton twirlers are made —not born.

That's the way pretty 17-year-old Dena Anderson—twice a San Diego County titlist—puts it.

Dena was a twirler at Lemon Grove Junior High School for two years, and is currently the majorette at Helix High School, a post she has held for the past two years.

Her most recent accomplishment is the perpetual trophy she won at the big contest at El Monte Park last month. She copped first place awards in solo twirling (16 years and older), strutting and interpretive baton.

Dena has entered the Maytime Band Review Princess contest in National City—one of the big events in the Southland —one of her "many goals in twirling."

In her five years of twirling Dena has won 40 trophies and 55 medals, including three national AAU medals. She is a baton instructor at Ozzie's Music Store and leads the ""Twirlers of Oz."

And does she enjoy twirling? "Baton twirling has been and is a wonderful sport for girls of all ages. It helps keep you physically fit, develops self-confidence and poise. You win sometimes, but the main thing is. . .you learn how to be a good loser, too," she said.

Helix High To Present 'Seventeen'

The Helix High School Music Dept. is presenting a musical comedy based on Booth Tarkington's "Seventeen."

Carol Gazze is starring as Lola Pratt, with Ronald Nelem as Willie Baxter. Featuring also Janice Gray as Mrs. Baxter and Ed Vitale as Mr. Baxter.

The directing staff is as follows: producer, C. M. Slagely, musical director; Mr. Paul Henneberg; choreographer, Mrs. Jeanne T. Martin; acting directors, Anita Pearson and Mrs. Sharon Guffey.

The story of the play begins when May Parcher brings a friend, Lola Pratt, home for the summer. Poor Willie Baxter is moonstruck from the moment he meets cute, blonde, baby-talking Lola, as is everyother boy in town. The whole town is kept in a steady uproar with every boy in the neighborhood going to such great lengths for Lola's attention. But the girls aren't ones to be caught sitting still either! They're kept busy all summer long trying to keep their beaux a safe fifty miles from Lola.

All this adds up to fun and laughter the whole play through.

The show is to be given April 26 and 27 at Grossmont Auditorium at 8 p.m. The donations are: adults $1, students and children 50 cents.

Violations in Use of Auto Lights Can Cause Accdents, CHP Warns

Violations in the use of vehicle lights might appear inconsequential but actually can cause tragedy, Capt. R. Gautche commander of the California Highway Patrol's San Diego area, pointed out this week.

"One of the most common faults is improperly aimed headlights. Such lights can blind oncoming drivers even on low beam.

"Another is failure to cancel turn signals. Even though blinkers are designed to cancel automatically after a turn, occasionally the apparatus fails or the turn is not sufficiently sharp to trigger the canceling device. The resulting confusion can be deadly, since other drivers depend on the validity of your signal. After you turn a corner or make a lane change, be sure the signal has canceled properly.

"A third problem is improper use of headlights. Remember to dim your lights for oncoming cars at a minimum of 500 feet. The law also requires you to use low beam when following another vehicle within 200 feet," the captain said.

Newsboy Saves Water By Sound Thinking

The sense of responsibility and mechanical ability of a 13-year-old boy saved the Lemon Grove school district many dollars and the water district thousands of gallons of water last week.

He turned the water off at the main then called School Principal Ben Schei. Irrigation district people say as much as 115,000 gallons of water could have gone down the drain except for Richard's sound thinking.

Retail Man Retires After 26-Year Service

Joseph G. West, 89, veteran San Diego retail figure has retired from the Walker Scott downtown store after 26 years of service and was honored by his associates at an intimate reception Friday.

Joining the company in October 1935 as a salesman in the woolen yardage department, he has been a floorman with the company for many years. Born in Kentucky in 1872, West will make his home with his son in Galveston, Texas.

"Many have asked us why a man of West's age did not retire earlier" said George A. Scott, president of Walker Scott. "Fact is, he is the kind of a man who loved people, found his everyday contacts with customers stimulating almost to the point of being a hobby. His hours, for a number of years, have been his own, and he has enjoyed being a useful, productive member of our store organization."

West is well known to many citizens of the Lemon Grove-Spring Valley area.

SV Scouts To Encamp Near Tecate, Mexico

On Saturday, April 22, Boy Scout Troop 357 of Spring Valley will encamp at Los Encinos Park, Tecate, Baja California, as guests of the city. Invitation has been extended to the troop to exhibit scouting techniques to interested local officials and citizens.

Troop 357, its scoutmaster and committee will be met at the border by local officials who will present the key to the city to troop committee chairman Wayne C. Shepard. Then a police escort will lead a parade, which will include local school bands, in front of City Hall where Mayor Oscar B. Chacon will greet the scouts.

From there the scouts will proceed to Los Encinos Park, approximately one mile south of Tecate. At 8 p.m. a campfire will be lighted and local people are invited to discussions on scoutcraft. Wide-spread interest in the camp-out is evidenced by the promised attendance of citizens of Mexacali, capital of Baja California.

Mr. Pedro Santana, head of the local Mexican tourist bureau, was instrumental in making arrangements for the week-end campout for the troop.

As part of the festivities, a baseball game will be played between the troop and the Tecate little league at 1 p.m. Sunday. Scout parents, friends, and interested parties from the San Diego area will be in attendance. Officials of Tecate and the troop have expressed themselves as feeling that the cooperation at a local level is only a beginning of furthering relations between the people of the United States and Mexico.

High School Choir Festival Tonight; Mount Miguel Singers to Take Part

Student choirs from the six high schools of the Grossmont Union High School District will meet at 7:30 p.m. today in the Grossmont auditorium in a Foothill Music Festival, open to the public.

Each choir, consisting of from 80 to 100 members will sing for eight minutes, and then they will join to present two selections under the baton of Phillip Ellithorpe, director of music at Long Beach High School and representative of the Southern California Music Educators' Assn.

The festival is not a competition. However, Ellithorpe will judge each choir on the basis of a rating sheet prepared by the National Music Educators' Assn. He will rate each choir on such matters as intonation, blend, diction, style, appearance, and interpretation.

The combined choir of around 500 voices will sing together the "Kyrie Eleison" by Hayden and "Now Let All The Heavens Adore Thee," by Bach.

Grossmont choir director Mrs. Merle Donohue is chairman for the event. The Helix choir is directed by Chester Slagley; the El Cajon Valley High choir by Harold Lutz; the Mt. Miguel choir by Robert Boucher; the El Capitan choir by Carl Thompson, and the Granite Hills choir by Ray Murphy.

Choir parents are assisting with the Festival which will last about an hour and a half.

Trailer Park Ordinance Gets Hearing Tuesday

SAN DIEGO (CNS)—A public hearing on a proposed ordinance to control trailer parks is set for 2 p.m. Tuesday session of the County Board of Supervisors.

The ordinance has been in preparation for more than a year, with a group of representatives of trailer park organizations working with county officials.

A previous ordinance met strenuous opposition from trailer park people, mostly because it ruled that any area where a single trailer was parked should be regarded as a trailer park. The new ordinance proposes to make two trailers necessary before they come under the ordinance.

Mt. Miguel Shut Out In Last Two Baseball Games

by BILL OTT JR.

Plagued by an offensive slump, the Mt. Miguel Matadors were shut-out in two baseball clashes last week. The Metro League Southern Division leaders dropped a non-league affair to Point Loma on the Pointers diamond Tuesday, losing 2-0. In a Friday afternoon encounter with rival Helix, the Matadors fell to the second place Scots, 6-0. The win moved the Highlanders and Chula Vista into a second place deadlock just one game behind the Matadors.

In the Tuesday game against the Western League Pointers the Miguelers managed to collect 5 hits, while limiting the Point Loma nine to 4, but the Pointers cashed in at the plate with the hits. The winners scored the first run in the bottom half of the third inning when pitcher Ronnie Bennett walked, and eventually scored on singles by Don Sada and Tom Lutes.

The second Point Loma tally came in the fifth frame when Bill Kehrli scored after getting on base with a single, and another single and a sacrifice scored the second baseman.

Outfielder Rod Westcott picked up 2 of the Matador safeties, while Larry Yost, Bill Sage, and Duane Freeman contributed with one hit each.

Doug Wardell who was relieved by Ron Scagliotti in the sixth was the losing hurler, while Pointer Ronnie Bennett went the distance and was the winning pitcher.

HIGHLANDERS HIT

In Friday afternoon's contest with the Highlanders, the visitors managed to blast Miguel starter Ron Scagliotti and reliefer Bob Curley for 11 hits. The host Matadors were limited to 2 hits by Scot thrower George Sherrod who went the distance for the La Mesans and was credited with the win.

The Highlanders scored their first run in the second inning on an error, and added the second run in the top of the third inning when big first baseman, Randy Swartz blasted a Scagliotti delivery high over the right field fence for a homerun.

The fourth chapter was a nightmare for the Matadors as the Helix charges broke loose for four runs. Mike Huse reached first base on an error and scored when teammate Dick Gowins rapped a pitch over the left field fence for the first two tallies in the fourth. The Matadors finally retired a Helix batter and with one out pitcher George Sherrod reached first base on a fielder's choice. Highlander Ken Nasife received a base on balls, sending Sherrod to second. Howie Anderson singled home Sherrod for the fifth run of the game, while Nasife scored on a double by Swartz with the fourth Helix run of the inning, and the sixth of the game.

Only two Matadors hit safely, they were Bill Sage with a hit in the fourth inning, and pinch-hitter Mike Renfro's single in the seventh.

The losing pitcher for the Spring Valley crew was Scagliotti who now has a 5-2 record.

LG Troop 322 Holds Campout

Troop 322 of Lemon Grove Youth Center sponsored by VFW Post 2082 held their monthly campout the weekend of April 15 and 16 at Camp Hollyhock in the Horse Haven area of the Laguna Mountains.

Scoutmaster H. C. Stubbs and assistants R. Wilbur, Doc. Holland, E. J. Kraszewski, Leo Custeau, Perry Erickson, Victor Lee, Mr. Boro and Mr. Hammerschmidt, all of the Adult Pirate Patrol, took 24 boy scouts. The boys studied wildlife, conservation, compass reading and distance reading. Evening found the boys studying the stars.

Mr. Boro took his turn at cooking and made some of the biggest hot cakes the troop had ever seen. But it wasn't all work and study, there was plenty of time for games and horseplay, with the dads having as much fun, if not more, then the boys.

Named Valley High District Supt.

A Lemon Grove school district principal has been appointed district superintendent of the Valley Union High School District, it was announced this week.

Causey, married and father of three children, was assistant superintendent in the Barstow-Yermo districts from 1956 to 1960. Prior to that he taught at the Rolando school in the La Mesa-Spring Valley district.

He received his Bachelors and Masters degrees from San Diego State College.

Workers Transforming Land Into Golden Bowl

The site of the beautiful new Golden Bowl at 9805 Campo Rd., Spring Valley, continues to be agog with activity. Men and machines have been cooperating to bring beauty and order out of the raw land and materials.

Powerful cranes recently hoisted the huge, heavy steel piers and girders without so much as a cough, sputter or strain. At the time, Spring Valley's Ed Maczko, the energetic foreman, was quite a picture as he nonchalantly balanced on the edge of a high wall as if he were a trapeze artist under the "big top."

Ray Hollis, vice president of the Golden Bowl, is busier than a "scorekeeper at a bowling congress," interviewing people, forming bowling leagues and arranging suitable hours for them. Teams and interested individuals, desiring to bowl on the new alleys at Golden Bowl, should contact Ray Hollis immediately, as the leagues are forming rapidly. The phone number to call is HO 5-0123. Classes of instruction are also being organized.

This new recreational center (for the entire family) promises to be one of the most modern and beautiful bowls in the Southland, according to the general contractor, George Thomas of La Mesa. The opening date has been scheduled tentatively for May 12, with the grand opening for the middle of June, vice president Hollis said.

Junior Bowlers May Enter New Local Tourneys

Two junior bowling tournaments and a television show, strictly for juniors, are under way, according to the Bowling Proprietors Association of Southern California.

The first part of the program is the TV show which took to the airways April 15. Known as "Pin Busters," it can be seen Saturdays from 3:30 to 4:30 p.m. over Channel 13, KCOP-TV.

Any junior between the ages of 10 and 18 may participate. The event is for both boys and girls, with each group being divided into three divisions. It is a "King of the Hill" type of contest wherein the bowler remains on the show as long as he (or she) is undefeated, with a maximum of six weeks for any one bowler. Prizes, conforming with CIF rules, are restricted to trophies.

League or non-league bowlers can enter at any of the participating establishments by receiving an entry blank at that establishment each time they bowl. Each week's challengers are determined by a drawing from those slips sent in the preceding week. The higher the participant bowls, the greater his or her chances will be of getting on the program.

This program has been tested and proved very stimulating and interesting in other areas, says the BPASC. Full details can be obtained at any participating house. Young hopefuls are asked to look for the identifying insignia on the door.

Summer's Coming - Get Polio Series, Booster Now, Medical Assn. Advises

SAN FRANCISCO — Immediate innoculation against polio, whether as the first of a series of injections or as a series of injections or as a booster, was advised today by the California Medical Assn.

A note of urgency was sounded by Dr. James MacLaggan, chairman of the association's Commission on Community Health Services, when he stressed the importance of anticipating the summer polio "season."

"Steps should be taken immediately," he said, "and the first thing to do is to call your doctor or your local health department."

He pointed out that the newer oral vaccine is not yet available. "The highly effective Salk vaccine is in plentiful supply, however," he said. "It is necessary, though, that everyone have at least three injections.

Dr. Detzer Has Article in Current Issue of Methodist Family Magazine

CHICAGO—Dr. Jordan E. Detzer, pastor of Lemon Grove Methodist Church, is the author of a meditation in the May issue of "Together," Methodism's family magazine.

Dr. Detzer's meditation for Sunday, May 21, contained in the "Light Unto My Path," department, is based upon Colossians 3:23, in the New Testament: "Whatever your task, work heartily, as serving the Lord and not men."

Dr. Detzer says, in part, "We all need to rededicate our lives and make them an offering to God, thinking less of the impressions we make on others. When we become converted or re-converted like Paul, we turn about and, using our God-given talents, make a dedication of our abilities to Jesus Christ."
